

Silky Mist

Available to spray for wide area with double spraytime compare with standard nozzle.

Realized extending spray time by changing only nozzle component and is available to spray for wide area with one push.

Added new function, keeping very light functioning force which is a strong point of our products.

Options for dosage.

Available to set for Z-75, Z-105 , Z-155 and Z-205 series with a wide variety of appearance parts and decorations. To meet a wide variety of needs from our clients, it' s available to choice various dosages, designs and decorations.
